## OUT ON THE LIMB with George Vierhus

ONE OF THE TOUGHEST tasks that a minor-league newspaperman faces is showing some semblance of enthusiasm and alertness at all the various meetings that must be attended in line of duty.

We candidly admit that our boredom probably has shown more times than we care to own up to. Even our most severe critics, however, will concede that it would be difficult to sit through the number of meetings we have in our years of newspapering without losing a little of our effervescency.

One of the compensating factors has been the fact that, in many instances, we recognize that those conducting the meetings must also be suffering from exposure as we are.

This is especially true of the school boards, city councils, or planning commissions, where the members are doing their civic duty without thought of recompense.

However, after a time the member completes his civic duty and gets off the hook while the newspaper goes on and on (we hope).

-0-

THIS IS NOT being offered as a complaint but by way of explanation of the times you may have noticed your editor at the press table precariously near the point of no return.

But before we get to the subject at hand (if we can figure out what it is) we should note for the record that there has been almost a complete turn-over in all the boards, councils and commissions that we have attempted to cover in the almost 11 years we have been associated with The Campbell Press.

But there is one face on the Planning Commission that hasn't changed (except maybe for what maturity has done to it) in all these years.

That face belongs to JIM TOMLINSON, who was appointed to the original Planning Commission and was serving when we hit town some 11 years ago.

That's quite a record.

-0-

AS FAR AS we can determine, without going too far out on the limb, Jim's record of continuous community service is only exceeded on the local front by two other individuals, BILL LLOYD and DOC ARENDS, both members of the Campbell Union High School board of trustees.

Lloyd went on the school board in 1942, which gives him a 24-year record, and Arends has served as a trustee since 1952.

Our point, of course, in bringing all this up, is that whenever we bemoan our fate and question whether we

(Continued on page 2)

SISTERS ALL--More than 27 religious orders of the Catholic Church were represented at the first religious vocation fair in Santa Clara County which was held last Saturday at St. Lucy's Church in Campbell. In the top photo the "Singing Nuns", a musical group of the Sisters of Notre Dame, entertain.

In the other photo are four sisters of different orders typifying the difference in habits worn by the sisters, including that of modern dress (second from left). Left to right, Sister Mary Joel, OSF, Order of St. Francis; Sister Mary Raymund, PBVM, Presentation Blessed Virgin Mary; Sister Johanna Marie, RSHM, Religious of Sacred Heart of Mary; Sister Mary Berthilla, OP, Oakford Dominican.

## City Council blasts racial discrimination

Campbell City Council officially went on record Monday night opposed to racial discrimination within the city.

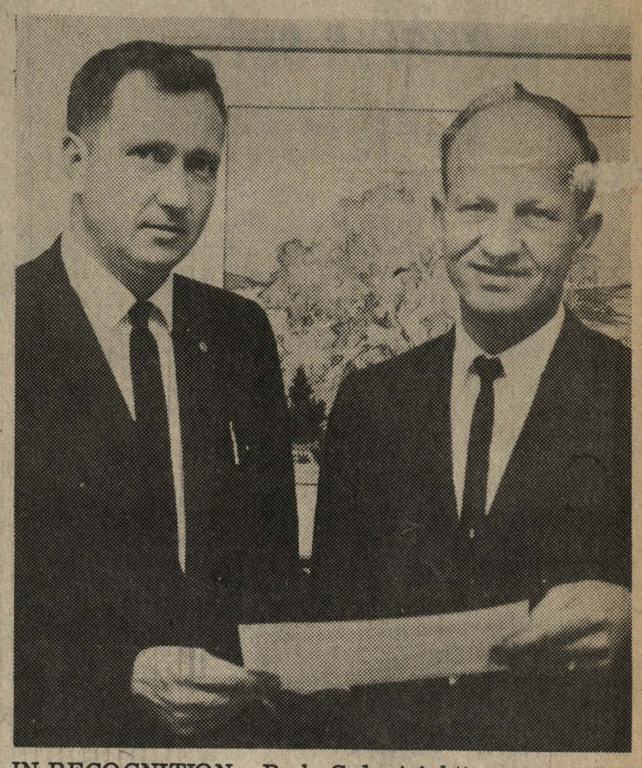
By a resolution unanimously adopted, the people of the community were urged to avoid discriminatory action based solely on race, creed, color or natural origin.

The resolution also specified that the Council would lend its moral force to lawfully constituted groups or organizations in the creation of sound public opinion against such practices.

The resolution, drafted by City Attorney Joe Bonacina, stemmed from an alleged incident in February of discrimination with respect to three Negro West Valley College students who could supposedly not find housing in the area because of their race.

A proposed resolution covering the subject was presented in February by Robert Hansen, 235 Michele Drive,

(Continued on page 3)



IN RECOGNITION--Bob Culp (right), principal of Campbell High School, this week was the recipient of the second certificate of merit to be awarded by the Campbell Police Department. The presentation was made by John Morgan (left), police chief. The department plans to make six such awards each year.

George Vierhus, editor and publisher of the Press, received the first award. Culp was recognized for his support and assistance to the law enforcement program during the past 12 years, first as dean of boys and later as principal. Chief Morgan added that Culp was particularly helpful in juvenile work of the department.

## Width of San Tomas Road becomes major city issue

Just how wide should the San Tomas Road be? 60-feet? 80-feet? 90-feet?

That's what the City Council must soon decide. It is not an easy decision.

That the present San Tomas Road should be widened and improved to Pollard Ave. as soon as possible in preference to developing the alternate route (Harriet extension) seemed to be the general consensus of both city officials and San Tomas residents on Monday night at the City Council meeting.

But how wide?

To improve San Tomas Road to a full 90-foot width, including both rights of way and construction will cost $1 million, according to the report submitted by Bill Wren, director of public works.

And that's the stickler.

To extend the Harriet route and bring it up to 90-feet width would cost $270,000 in comparison.

A large representation of interested residents from the San Tomas area was on hand at the informal hearing on the realignment question of the San Tomas Road. The hearing was highlighted by comprehensive reports by Wren on the engineering aspects and by Dick Hogan, planning director, on the effect of the routes on the overall development program for the area.

Wren and Hogan were commended by the councilmen and the residents for their work in compiling the reports.

TOO EXPENSIVE

Wren emphasized that the 90-foot plan and its contingent cost would demand assessments far in excess of the neighborhood's ability to bear. He explained that this plan would mean that the city's share would be $370,000 which represents 2 1/2 years of gas tax revenues and that the city could not economically justify such an expenditure.

"It is obvious then that a 90-foot street on San Tomas Road, itself, is simply too expensive to consider," Wren said.

He then suggested the 60-foot plan line for the street. The cost for right of way on this plan would be $250,000 for right of way and $145,000 for construction.

But all the councilmen were not convinced that the street should be just 60-feet wide.

ROSE SPEAKS

Councilman Charles Rose, former mayor, took the floor to describe the potential offered by the undeveloped San Tomas area

(Continued on page 3)

## Next week's property tax payment determines district cash balance

Along with all the school districts in the county, Campbell Union (elementary) School District will learn the exact status of its cash reserve on May 16, Neal Royer, district superintendent, reported this week.

Royer explained that until that date (May 16), when the final payments of the second installment of property taxes is received, no definite figure of the amount of the cash reserve is possible to ascertain.

The superintendent said that under no circumstance is the local district reserve expected to be at a danger point, but until the property taxes are paid, it is a mere estimate.

When the final figure of the second installment of taxes is released by the county tax collector, Royer said the district trustees will begin their preparations of the budget for the fiscal year.

School officials point out that the reserve status plays an important role in drafting a new budget because it becomes the starting balance for the fiscal year. Anticipated salary increases and other changes are hinged on the size of the balance.

The superintendent said that the Campbell elementary district has been using only $2.23 of the $2.50 per $100 tax rate that has been authorized by the electorate of the district.

## Police hold two suspects

Campbell Police report that two suspects are being held in the Santa Clara City jail, charged with the recent burglaries of Jeffers Mens and Boys Clothing Store, at 241 E. Campbell Ave.

The men, Perry Mack Jarvis, 22, 855 Sunset St., San Jose and Guiseppe Thomas Castigila, 18, 691 N. 12th St., San Jose, were thwarted in an alleged attempt to break into a safe in Santa Clara and have been linked with the Campbell burglaries.

Jeffers was burglarized twice during the month of April. Both times entry was made through an air vent in the roof.

THIS IS THE DAY--On May 11, 1903, President Theodore Roosevelt visited Campbell and planted a redwood tree. For more than 60 years the tree stood at Winchester Blvd. and Campbell Ave. but it had to go when the intersection was widened. Approximately five years ago, Larry Lloyd (with shovel), high school board member for 24 years; Hill; Bob Culp, high school principal; Mayor Ralph Doetsch and Dick Hardy, C. of C. president.

trict superintendent, removed a burl from the tree. The burl now has grown into a three-foot high tree.

On the 63rd anniversary of the original tree planting (today), a group of local dignataries planted the Roosevelt Redwood's offspring in the lawn of Campbell High directly across from the original site. Taking part in the ceremony were (left to right) William Hill, high school

# Editorial

## The goal is set

A six-year capital improvement program for the City of Campbell has been presented for study and approval of the City Council.

It marks the first time in this city's history that such a program has been drafted, and we commend the city administration for this outstanding job.

We have long maintained that only by such planning can a city efficiently continue to operate. A city has more at stake than a mere day-to-day existence. It must build for the future as well as the present.

The capital improvement program for the next six years for the city is estimated to cost $4 1/2 million. About $3 million of this amount would be financed by a general improvement bond issue.

The report as submitted by the city staff also recommends the priority in which the various projects should be undertaken.

It also recommends that the bond issue be scheduled for 1968-69. Thus most of the projects that are planned would not get under way until the bonds are passed.

The report is only a recommendation. It will be subjected to a thorough study by the council and staff before it is approved and presented to the public.

It is possible that a number of modifications will be made in it before it is adopted. The priorities could be changed and the tentative date for the bond issue could be moved up, to cite two possible changes.

But the basic point that we think is extremely important is that this is the first time that a guide-line has been established giving some direction to the objectives of the city and how they can be financed.

Of the total of $4,535,000, "public facilities" are earmarked for the biggest slice. This category is listed at $2,490,000.

"Public facilities" is broken down into corporation yard, parks, civic center and library and related facilities.

Only the corporation yard ($140,000) would be financed from the general fund. The balance would come from bond money.

Acquisition of land for the civic center is estimated to cost $400,000 and the construction of the civic center and police headquarters, $750,000.

Under the recommendation, the land would be acquired in 1968-69 and the building constructed in 1969-70.

Quite naturally there will be opposition develop to the civic center. Arguments will be presented that will claim that a civic center is unnecessary in the efficient operation of this city.

But we think it is obvious that soon the present city hall will prove inadequate. Even now there is no space available for the public works department. The police department has been jammed up for years.

It also must be remembered that the city hall was an old building when it was converted from the old Congregational Church structure back in 1956.

The park program calls for an expenditure of $1-million, including land acquisition, beautification and park development.

Here again the major point involved is not the need, which seems apparent to the majority of the citizens. The question seems to be how far should the city go in this phase, and how much do the citizens want to spend?

The entire bond issue of $3-million could be spent in park development. But obviously there are many other projects that have equal bearing on the city's future.

Under "library and related facilities" $200,000 has been projected.

Fire protection is a separate category in the capital improvement program. A total of $706,000 is estimated as the cost to develop the three stations that are necessary for the adequate fire protection of the city.

The need for adequate fire protection needs no defense. Our homes and businesses must be protected. It is essential that it be done in the most efficient manner.

Our fire department has set an enviable record thus far but with the growth of the community it must have the tools with which to work.

The report also lists a street improvement program for the six years that totals $1,139,000. All but $72,000 of this amount would be financed from the state gasoline tax subventions. The street improvement program thus will not be dependent on the bond issue but will get under way as the gas tax money becomes available.

The program includes the improvement of such major streets as Winchester Blvd., Campbell Ave., San Tomas Road, Hamilton Ave., Latimer and Union.

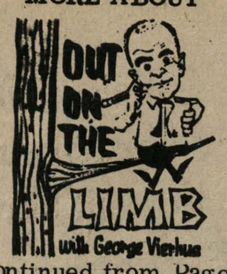
The comprehensive report indicates the projected income of the city during the next six years. It also has a population estimate and visualizes the change in residential housing that is taking place.

The outstanding feature of the report, in our opinion, is that it pinpoints the objectives and indicates how they can be achieved--financially.

It clearly shows that the goals cannot be reached without a bond issue...

The sooner the bond issue is approved, the sooner we can reach the objectives.

MORE ABOUT



(Continued from Page 1)

made the proper decision in going on to school instead of keeping that creamery job back in the middle ages, we realize that we are attending the meetings as part of our job.

-0-

THOSE GUYS AND GALS who are serving on the boards, etc., are doing it as their civic duty.

On the other hand, they don't have to translate their actions into news stories when the meetings are over.

And we do.

And we must be careful in our translations.

This IS a family newspaper.

-0-

ALERTNESS is essential on our part at these meetings so we must fight off lethargy to the best of our ability.

One never knows when a little gem will pop up in the midst of all the verbal meanderings.

Now you take a recent Planning Commission meeting as a for instance.

This is in no way a criticism of the commission's agenda, but, admittedly, a commission meeting does suffer in comparison to a ball game or a good show.

The approval of building plans or variance or zoning changes somehow lack the same appeal as seeing Willie Mays in action. Or even the Batman, for that matter.

But a routine presentation recently of a proposal to allow pet clinics in neighborhood shopping centers developed some interesting and educational tidbits, if one stretches a point or two.

Primarily there is the same distinction between a pet clinic and an animal hospital for our four-footed friends as there is for the two-footed variety.

-0-

CLINICS SORT OF take care of minor jobs. The idea is that you can dump your pet at the clinic in the shopping center and continue with your other shopping.

Only in rare instances would there be any overnight guests in the pet clinic. And the clinics are only for small animals.

The differentiation between large and small animals provoked considerable discussion among the commissioners and the experts present.

Large animals apparently include only horses, cows, burros, mules, and the like. Small animals are dogs, cats, rats, etc.

One of the commissioners wanted to know how a "Dane" was classified.

Another commissioner, perhaps not as familiar with breeds of dogs, felt that they should leave nationalities out of it.

Of course a "Great Dane" was meant, rated as one of the largest dogs, but still classified as a "small animal".

-0-

WOMEN DRIVERS entered the picture later in the evening in a sort of far-fetched way during the discussion over a routine side-yard variance for a proposed 15-unit apartment complex on Rose Court submitted by Howard Atkinson.

The variance approved allows Howard's carport (with a solid rear wall) to back up to the driveway of the adjacent apartments.

Lester E. Mahoney, owner of the adjacent apartment, in a friendly manner explained that the said driveway was only 10 1/2-feet wide and with 110-feet of solid wall on one side, some of the women drivers could have a wee bit of trouble backing up that distance.

They now have an orchard to run off in. But a solid wall would be different, he added.

But he didn't object too strenuously provided the wall design was compatible with the design of his apartments, even if the designs of some of the cars could conceivably be changed by their contact with the wall.

-0-

NATURALLY the discussion sort of evolved around the much-maligned reputation of women drivers.

Although there have been some great stories about women drivers, we have always felt that they have been greatly exaggerated.

This is only a personal reaction on our part.

Our Dorothy does the driving in our household when we go on trips.

Further the deponeth sayeth not.

## Sign-up for Colt League Saturday

The West Valley Colt League will hold sign-ups on May 14 from 9 a.m. to 12 noon at the Leigh, Campbell, Camden, Westmont, Saratoga, Los Gatos, Del Mar and Blackford high school gyms.

Boys 15 and 16 years of age are eligible. Birth certificates should be brought to the sign-ups.

Tryouts will be held on Saturday, May 21, at each of the respective high school baseball fields.

Times of the tryouts are as follows: Leigh, Camden and Blackford, 10 a.m.; Westmont and Saratoga, 8 a.m.; Campbell, 12:30 p.m.; Del Mar, 1 p.m.; and Los Gatos, 1:30 p.m.

## How pilot lights work; and what you can do when they don't.

**How to tell when a pilot is out**

You turn on a gas range burner and it doesn't light. Or a furnace won't go on. Or there's no hot water. This probably means the pilot light is out.

**Gas range pilots**

A gas range usually has more than one pilot. If you're not sure where your pilot or pilots are located, check your owner's manual. Or, if you can't find it, call us.

Before relighting a pilot, be sure all burners are turned off. Allow a few minutes for the air to clear, then touch a lighted match to the pilot opening. The pilot should light with a small blue flame, and the burner should light when you turn on the control. If the pilot or the burner fails to light, call us. We'll send a man out to check it.

**Furnace pilots**

If the pilot of any gas heater or furnace goes out, turn off the main burner valve. Allow ten or fifteen minutes for any accumulated gas to clear before relighting the pilot (following the instructions shown on the equipment). With the pilot relighted, the heater or furnace should operate. If it won't, call us.

**Water heaters and clothes dryers**

All modern gas water heaters and dryers shut off completely if the pilot goes out. And most models bear manufacturer instructions for relighting the pilot. If you are unable to get the appliance operating, call us or your appliance dealer.

**Leave pilots lit**

Some folks prefer to shut off furnaces and water heaters during the summer, or when they go away on vacation. You'll find it more convenient to turn off the main burner, but not the pilot. When the pilot is lighted, your furnace is ready to work on a cold day. Most water heaters can simply be turned to "PILOT." This position keeps the pilot lighted, but prevents the main burner from heating water.

**Gas leaks**

Warning: Never look for a gas leak with a lighted match or candle. Any suspected gas leak should be reported promptly to PG&E. We'll send a service man out to check it.

**PG&E is ready to help**

If you call for a PG&E service man to check out any gas leak or an inoperative gas appliance, ask him to show you where your gas pilots are located and how to go about relighting them. If repairs or parts are required for an appliance, an appliance or furnace man should be called.

**Your biggest household bargain**

There have been five reductions in gas and electric rates in the past three years. This makes PG&E service a bigger family bargain than ever.

PG and E
Pacific Gas and Electric Company

## VALLEY PROGRESS REVIEW

Valley Progress Review is a series of informative articles about progressive individuals and firms well serving the interest of our community and contributing to the phenomenal growth of the Santa Clara Valley. No person writes of his own business. Every article is prepared by Ed Beck, special writer who contracts for this space. Beck is solely responsible for the content and placement. For information regarding this feature, please call Beck at 244-9675.

### SEAT COVER KING

Winning admiration for superior workmanship at reasonable prices, Seat Cover King has enjoyed a dramatic ascension up the ladder to success and is today generally considered to be a top ranking leader in its own field of business activity. Modern display rooms and the shop are located at 2051 S. Winchester where the discriminating valleyite will discover the finest facilities for custom interiors for automobiles, boats and aircraft.

The firm excells in individual stylings designed and installed to personal specification of any type of custom tailored seat covers, auto tops and tonneaus as well as floor mats and full reupholstering. A complete selection of fabrics and colors to match factory originals is carried in stock along with a varied line of novelty materials. The rebuilding of seat cushions for trucks is another specialty of Seat Cover King.

Clemente Melero

Owner of the business is Ernest E. Moya who is well and favorably known in the community for his integrity, reliability and efficiency in all undertakings. His manager is Clemente Melero who is one of Santa Clara Valley's top trimmers. Credit should be paid to Mr. Moya for his business and civic leadership and we are pleased to add our personal wishes for his continuing success.

### Coleman Precision Manufacturing Inc.

Robert Coleman

Playing an active and progresive role in the industrial growth of Santa Clara Valley is Coleman Precision Manufacturing Inc., one of the foremost machine shops serving the varied production plants throughout the valley. Precision machining facilities of this firm have enabled prime defense contractors, as well as general manufacturing plants, to centralize their activities in the valley thus contributing to our economic stability and growth.

Coleman Manufacturing has a modernly equipped shop at 300-D Railway Avenue which is geared for both experimental and production work. Top flight machinists, under the direction of owner Robert F. Coleman, have established the firm's reputation for dependability and efficiency on all the jobs undertaken and have demonstrated an unusually high degree of proficiency in holding all runs within designated tolerances. Thus it is that the Coleman firm has established its reputation as a precision machine shop capable of meeting the needs of the most exacting demands of the missile, aerospace and electronics fields.

Robert F. Coleman has almost a quarter-century experience in his field, during which time he has demonstrated outstanding qualities of capability. The manner in which he has built the business of Coleman Precision Manufacturing Inc. is a credit to his technical and business knowledge and augurs well for his continuing success.

### TROPICAL FISH COMPANY

Among the specialty firms which have established a reputation for customer service and satisfaction is Tropical Fish Co., whose beautiful display of aquariums and finny friends is located at 2842 S. Bascom. One of the Valley's most experienced and knowledgeable breeders of tropical fish, this firm also is reputed to be one of Northern California's largest suppliers.

Operating on both a wholesale and retail level, Tropical Fish Co. has almost every specie of fish for the home or business aquarium as well as a full line of supplies which include the aquariums themselves as well as filters and all necessary parts for repair or replacement. Owner D. P. Schiavo is a knowledgeable and astute breeder of tropical fish and is always happy to act as mentor to the uniniated in the proper establishment and care of the countless varieties of fish available for domestic purposes.

D. P. Schiavo is highly regarded in the business life of the community for the leadership he has displayed. He is additionally recognized by this writer for the role he has accepted as a civic minded citizen who has contributed heavily of his time and energies to things of a worthwhile community undertaking. It is, therefore, fitting that we pay him this public tribute and wish for his Tropical Fish Co. many years of continued success.

### BARBATTI'S TEXACO

Bob Barbatti's

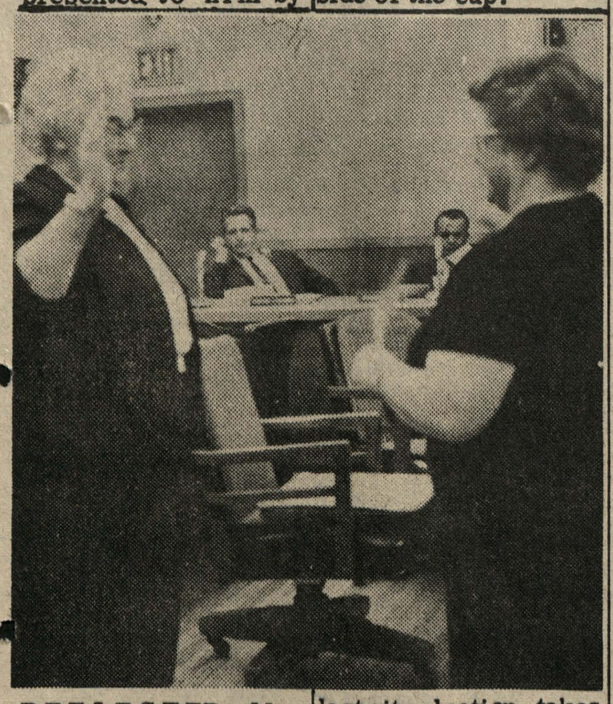
Located at the busy intersection of Prospect and Highway 9 at 12015 S. Saratoga-Sunnyvale Road is Barbatti's Texaco Station where the man who wears the star gives personal attention to your car. Although operated along similar lines of other Texaco Stations, Barbatti's seems a cut above the ordinary.

No sooner does a motorist pull into Barbatti's than he is greeted with a smile and in a friendly and helpful manner had all his motoring needs attended to. Everything from the famed Texaco gasoline in the tank to the checking of the under-the-hood points, proper tire inflation and the cleaning of glass is cheerfully and expediently attended to. Add to this the fact that Barbatti's Texaco has an outstanding mechanical department for lubrication jobs, motor tune-ups and brake service. Pick-up and delivery service is maintained for any of this mechanical work as an added accommodation.

Genial proprietor Bob Barbatti is well and favorably know throughout the West Valley both for his business leadership and community spirit. He is doing a top flight job in with his Barbatti's Texaco Station, thus earning our highest plaudits.

APPRECIATION--Mayor Ralph Doetsch (left), who recently succeeded Charles Rose as mayor, presents the former mayor with a certificate of appreciation for the outstanding work that former Mayor Rose had done during his two years in office.

A ROSE FOR ROSE--Beaming former Mayor Charles Rose holds up the coffee mug with a rose emblazened on one side which was presented to him by city employees when he stepped down as mayor after serving for two years. A message of appreciation from the employees appears on the other side of the cup.



REELECTED--Mrs. Velma Olds, (left) who was reelected to her third four-year term as city treasurer in the last city election, takes the oath of office from City Clerk Dorothy Trevethan, who has been in office since 1953.

MORE ABOUT

## San Tomas

(Continued from page 1)

and emphasized that improving the present route was the key to the entire area.

Despite the high estimated cost, Rose said, a wider street than 60-feet was necessary. He suggested 80-feet.

Other councilmen agreed that the present route should be improved, Councilmen Ed Rogers and Bill Smeed felt that because of the economics involved 60-feet was wide enough. Rogers also added that he thought that the Harriet extension will eventually be widened also.

Members of the Smith family, owners of the San Tomas Shopping Center, expressed concern over the developing of any other route than the historical San Tomas Road. They also suggested that any alternate route be known by another name than "San Tomas."

NEW NAME

That was readily agreed to by all and from then on the alternate route was referred to as "Harriet."

The biggest hurdle to overcome in developing the present San Tomas Road to a full 90-feet, both Wren and Hogan pointed out, would be the encroachment upon 28 buildings along the proposed right of way. Wren estimated that the estimated value of the structures, along the strip necessary to reach 90-feet, would be $650,000.

Hogan in his report explained that the removal of so many buildings, however, would make a large amount of land available for redevelopment. But half of the buildings needed to be removed appeared to be in good condition, he added.

NEAR SCHOOL

Hogan also mentioned that one of the main defects of the so-called "Harriet Plan" was its proximity to San Tomas School. He said that Neal Royer, school superintendent, had indicated that the district preferred the San Tomas realignment but that the Harriet route was not "impossible."

Hogan said that in either route crossing guards or other traffic controls would be necessary.

In an appendix to his report, Hogan gave a block by block description of how each property would be affected in the realignments.

COUNTY AREA

Throughout the hearing, it was emphasized the importance of the areas bordering on San Tomas becoming part of the City of Campbell. A large part of the area is now in the county. Any improvement to the street would be complicated to an extreme if more than one jurisdictional agency was involved, the city staff explained.

No action was taken by the council on Monday, although it was emphasized that it would be necessary to decide on the width long before any master plan was readied. The city is now negotiating for federal assistance in the overall planning through the '701' program. The federal government would bear two-thirds of the cost of such a project.

But it will be almost two years before such a plan is presented.

In the meantime, commercial developments along San Tomas Road (such as Topaz Builders at Hacienda and San Tomas) need to know what the width of the street is going to be or where the main route will go.

Although there was some difference in opinion among the council members as to how to move on the problem, all were agreed that the problem was a knotty one.

They also were agreed that some action needed to be taken.

And soon.

MORE ABOUT

## Racial

(Continued from page 1)

Campbell. At the time, the council directed the city attorney to draft its own resolution.

The resolution, as adopted, met with the wholehearted support of Hansen, who was present at the meeting.

Also present was A Montgomery, representing CORE, who commended the council for the adoption of the vigorous action to bring the matter to the attention of all the citizens.

A number of council members expressed their concern over any racial problem that existed and indicated they would do everything they could to promote better relationship.

## Sewing club to model spring fashions

Home-sewn fashions will be modeled by members of the Country Woman's Club at their meeting next Monday afternoon. The members of the sewing group within the Woman's Club headed by Mrs. Vernon Suess have planned a delightful afternoon with bridge and dessert slated for the day.

Mrs. Philip E. Paul is chairman of the day assisted by the following committee: Mesdames Peter Yerkovich, G. K. Schrader, William O. Fuller, Joseph Gomes and John Perata.

# City Hall briefs

Two ordinances that may have considerable bearing on Campbell's future, each in different ways, received their "first readings" Monday night at the City Council meeting.

They are scheduled for their adoption at the next meeting of the full council which will be on Tuesday, May 31, instead of the regular session on May 23.

Council members will be attending the League of Cities Institute in Monterey on May 23. They will meet on Tuesday, May 31, because Monday, May 30, is a holiday.

One of the ordinances will place utilities in new subdivisions underground. A representative of the building association urged that the ordinance should not specify who was responsible for going underground because the Public Utilities Commission still had not fixed the responsibility.

Both PG&E and Pacific Telephone representatives added, however, that the ordinance was ok as drafted and the council gave the first reading to it.

After months of soul-searching and study, the council also gave first reading to the ordinance that would change the vote on overruling Planning Commission actions.

Under the new ordinance four-fifths vote would only be required on zoning appeals from the commission. A majority would suffice otherwise.

In other actions, the council:

--APPROVED a fun fair show for Campbell Center merchants.

--APPROVED one annexation (Lovell) necessary to correct an error in the subdivision involved and deferred until next meeting action on another annexation (San Tomas 1966-1) to verify the protests that had been filed.

The annexation is in the Hacienda-Harriet-Walters area.

--APPROVED (first reading) a zoning change from R-1 to C-2-S for parcels on South Bascom just north of Cambrian School.

--APPROVED a permit for the Campbell Billiard Center to be located at 266 E. Campbell Ave., subject to conditions that may be levied by the Planning Commission.

--AGREED that candidates wanting to erect political signs in the city must submit letters first to the city.

--DENIED the request for a removal of a cottonwood tree at Hawthorne and Page.

--APPROVED the sale of the city's surplus dump truck for $500.

--ACCEPTED the invitation of the supervisors to set up a joint meeting to discuss mutual problems.

--APPROVED the final map for a subdivision on the Pruvich property between Latimer and Hamilton.

## College brings "The Rivalry" here on May 16

"The Rivalry," dramatization of the Lincoln-Douglas debates, by Norman Corwin, will be presented at West Valley College auditorium at 8:30 p.m., May 16, by the Office of Community Services of the college. The admission is free.

"The Rivalry" presented by the Players Production co., is produced by Adrienne Marden, and is touring California under the auspices of the California Arts Commission.

John Anderson stars as Abraham Lincoln, Edward Asner is Douglas and Miss Marden portrays Mrs. Douglas. Other roles are filled with skill by Dorothy Joyal, Matthew Knox and David Banks.

The play enjoyed a highly successful run on Broadway in 1959 and was acclaimed as "one of the most pertinent and enlightening dramas of many seasons."

Critics say Norman Corwin has taken the actual text of the dramatic Lincoln-Douglas debates and has "woven them into an extremely exciting piece of theater."

COMBAT BOOT

The Marines in Viet Nam are being issued the new tropical combat boot which incorporates a spike-resistant inner sole and screened drain holes to let water out

"BLAINE TREE"--Recently dedicated at Campbell Park in memory of Judge John D. Blaine was the above pictured 20-foot high Douglas Fir. Former Mayor Charles Rose is at the mike at the dedicatory ceremonies.

QUITE A FORCE--Here is a group shot of the members of the Campbell Fire Department taken recently in front of the headquarters station on Central Ave.

WHO cares

Almost every day you hear it . . . "I couldn't care less." Not at BREUNER'S Wayside Store!

**WE CARE** : : : all day, every day. Now in our 4TH BIG YEAR serving Santa Clara Valley, we're proud to be a part of Campbell!

**We care** about you, your home, your well-being. We'll go "all-out" to help you make that home as perfect as possible.

**We care** about your good opinion. That's why we're so meticulous about our merchandise, painstaking about services, fussy about our housekeeping.

We know you like to shop for home-furnishings at leisure, with the full attention of a friendly, expertly trained salesperson : : :

We know you prefer quality goods, in a wide selection : : :

We know you want deliveries on time : : :

We know you often need time to pay. That's why we provide "no down payment," liberal credit, with the extra assistance of liberal trade-ins : : :

Because we know you want all these important things, we deliver them : : : for at BREUNER'S we **care!**

Of course, no matter how careful we are, sometimes the vastness of our operation results in an error. Should our merchandise or service in any way disappoint you, we want you to let us know.

This is the way you can help us serve you better : : : prove to you, once again (in our 110th year in Northern California), that **we care.**

**We care!**

By Grace Hebard

CAMPBELL parents who have children attending the HILLBROOK SCHOOL in Los Gatos are making preparations for their annual Country Fair slated for May 14 from noon until 4 p.m. on the 50 acre Marchmont Drive campus.

MRS. JAMES PETRIE of 70 E. Rosemary Lane will be in charge of the cake booth and the ROBERT SUEDA'S of 390 Kenneth Ave. are working on "Gretchen's Greenhouse". MR. AND MRS. ERNEST RALPH of 1442 Sheffield and MRS. WALTER SILVA of 225 Calado Ave. will supervise children's games...

Friends of JUDY LONG, (Miss Campbell for 1964) will be interested to learn she is making plans for a June wedding. Her fiance is STANLEY ANDERSON, Jr., a San Jose State College senior...

CONGRATULATIONS are in order for MR. AND MRS. CHET CLEVER of Kenneth Ave. who are celebrating their twenty-fifth wedding anniversary. Over 60 friends attended a delightful surprise party Saturday night in their honor. The couple received many beautiful gifts. Guests from out-of-town as well as from Campbell were present...

DR. THEO J. NORBY has been appointed Director of Special Education for the Campbell High School District, effective July 1. For the past four years Dr. Norby has been superintendent of the Moreland School District.

Parents of graduating seniors from Campbell High School are being asked to contribute stamp books to be used to purchase door prizes for the senior party being planned after graduation at the Claremont Hotel in Berkeley...

MRS. KENNETH SHEETS of Nicholas Ave. is up and around again after recent foot surgery...MRS. EVERETT NELSON (Shirley) has a heart as big as the world...She is caring for her 48th foster baby until it is adopted by a responsible family.

MRS. ERIC WISCHMANN of 3348 Wren Way and her neighbor, MRS. JAMES MARTINEK, are hosting a coffee hour Thursday night, May 12, for JOHN VASCONCELLAS who is seeking the Democratic nomination for the 24th Assembly District. Friends and neighbors are invited to attend and meet the candidate...

# Bobbie Nelson is wed at Baptist Church

Bobbie Sue Nelson and Benjamin Avery Stanger recited marriage vows last month at an early evening ceremony at Campbell Baptist Church. Rev. Erwyn Wehye officiated at the impressive nuptials before a large gathering of friends and relatives.

The bride is the daughter of Mrs. Zelma Nelson of 1145 Hazelwood Ave. For her wedding, the diminutive bride chose a beautiful gown of bonded lace over satin. Her elbow length veil was secured with a Dior rose and she carried a bouquet of white rosebuds and stephanotis, centered with a white orchid.

Peggy Nelson, sister of the bride, was the maid of honor. She was attired in a floor length gown of pink bonded lace and carried a bouquet of pink and white carnations.

Brides maids were her other two sisters, Linda and Mary Jo Nelson, and Karen Hassett. Their gowns were styled like the maid of honor of pink bonded lace, and they carried pink and white carnations.

All the bridal attendants wore pink lace headpieces. Little Laurie Pelphrey of Reseda, Calif. was the flower girl and Robby Dale Le Flore of San Jose was the ring bearer. Harold Stanger served his brother as the best man and ushers were Lee Myers and Mike Sharpe. Altar attendants were Barry Burgett, Haskell Nelson, brother of the bride, and Dan Heindel, of San Jose.

A reception for the newlyweds was held at Orchard City Grange Hall. A beautiful five tiered wedding cake, made by the bride's mother, was the center of the buffet table. The young couple are now making their home in Los Gatos, following a wedding trip to Carmel.

Ben is the son of Mr. and Mrs. Hal Stanger of Los Gatos. He is a graduate of Blackford High School and is attending San Jose State College majoring in Commercial Art. He is employed in San Jose.

The new Mrs. Stanger is a senior at Westmont High School and she will graduate next month.

MR. AND MRS. BENJAMIN A. STANGER
(Bobbie Sue Nelson)

## Engagement revealed

The engagement of Jerrie A. Hartman of Campbell to Robert E. Hartman of Saratoga has been announced by the bride-elect's parents, Mr. and Mrs. Meador R. Hartman of 1327 Freda Ct. Jerrie will graduate this June from Westmont High School.

Her fiance has served a two year tour of duty with the U.S. Army and was graduated from Saratoga High School. He is the son of Mr. and Mrs. Harry C. Hartman of Saratoga. No date has been set for the wedding.

JERRIE HARTMAN

ELECT NEW CHAIRMAN - These young Campbell mothers, members of the Rincon Baby Sitting Co-op, held their semi-annual luncheon at Saratoga Lanes recently, and elected a new chairman. Pictured left to right are Mesdames Marilyn Houba, Pat Michalek, Sandy Tomlinson, past chairman Eloise Lee and the newly elected chairman, Nina Bowron.

## Rincon co-op has luncheon

The semi-annual luncheon of Rincon Baby-Sitting Co-op was held at Saratoga Lanes last week and enjoyed by 20 members of the group. New boundaries were alignedand a new chairman was elected. Mrs. Nina Bowron was chosen the new chairman, succeeding Mrs. Eloise Lee.

The organization, now nearly two years old, was formed by a group of young mothers in the Rincon Avenue area to give them time away from their children in order to shop or relax. No money is exchanged, instead, they share child care with each other.

Members of this group are Mesdames Louise Connolly, Henny de Haas, Shirley Hess, Pat Sciboula, Ann Stephens, Mary Jo Brady, Maggie Sullivan, Yvonne Tougas, Rachel Klimek, Eloise Lee, Nina Bowron, Darlene Nielsen, Erlene Cleveland, Angela Jones, Pat Michalek, Sandy Tomlinson, Anita Bennett, Diane Jensen, Betty Grey and Lynn Houba.

## Mrs. Riddle leads Mental Health drive

Mental illness is not only being fought in research laboratories, but in community neighborhoods by volunteers such as Mrs. Harold Riddle, Campbell chairman for the Santa Clara County Mental Health Association.

She will lead other volunteers May 13 to 17 during the Bell Ringer March - the annual door to door drive for funds to be used for the expansion of mental health programs in Santa Clara County.

Funds collected will to towards services to patients and the community, research, public information and mental health education of the public, administration and general expenses, fund raising programs and professional education and training programs.

Mrs. Riddle, of 223 Peter Drive in Campbell is serving her second year as chairman for the Association. She has two children and her husband is a teacher in a Palo Alto High School.

Mrs. Riddle has taken an active part in numerous civic projects including the Volunteers of America, Brandon House, "Friends Outside", and she has worked as a social worker for the Santa Clara County Welfare Department.

MRS. RIDDLE

Volunteers are needed to assist Mrs. Riddle. Those interested in fighting mental illness in the community may call her at 377-6084. For additional information call the Mental Health Office, 298-0100.

## Museum slates open house

The West Valley Historical Society will hold open house at the Campbell Museum, 272 E. Campbell Ave., on Saturday and Sunday, May 14 and 15.

The public is invited to view the interesting collection of handwoven Indian baskets which recently have been added to the displays at the museum. The Historical Society will also hold a business meeting at 3 p.m.

## Republicans to hear candidates

The Los Gatos-Saratoga Republican Assembly invites the public to their annual Champagne Gala Sunday afternoon, May 15, at the Los Gatos Elks Club. James H. Hooker will be the master of ceremonies, and all State Republican candidates have been invited. Festivities begin at 4 o'clock.

Tickets at $3 each may be purchased at the door or by calling 294-9066 or 354-1971. The Los Gatos Elks Club is located at the corner of Winchester Blvd. and Lark Ave., in Los Gatos.

## YLI schedules annual meeting

Members of District 13, Young Ladies Institute, will follow the "Blue Bird of Happiness" to the annual district meeting, Thursday, May 12, at 8 p.m. at St. Mary's Parish Hall in Los Gatos. Several members of St. Lucy's Institute #204 of Campbell will be installed as officers.

Members of Our Lady of Los Gatos Institute #197 will be hostesses for the festivities. Mrs. Anthony Lewis, district deputy, will be the installing officer for the evening.

## PTA

EL PARADISO

"The Role of The Advisor in Viet Nam" will be the topic for discussion when El Paradiso Council PTA holds its annual luncheon and business meeting on Monday May 16. The featured speaker will be Capt. James G. Bayer, Army ROTC instructer with the Department of Military Science at Stanford University.

After a short Council business meeting at 10 a.m. in the Friendship Room of Salinas Valley Savings and Loan Association, corner of Saratoga and Prospect avenues, Capt. Bayer will relate some of his experiences in South Viet Nam where he served as a district advisor in the Mekong Delta Area.

The program, based on National PTA's coordinated Action Program for 1965-68, Critical Issues in Our Democracy, will be El Paradiso Council's last meeting of this school year.

The general public is cordially invited to hear Capt. Bayer Speak.

# PTA News

BUCKNALL SCHOOL

Public School Week was highlighted at Bucknall School with a noon time luncheon served to the teachers and staff.

Mrs. Charles Bensinger and Mrs. Charles Reynolds served as co-chairman for the event, which was held in the multi-purpose room. The executive board members of the Bucknall PTA prepared and served the food.

Special guests from Moreland School District who attended were: Mrs. Doris von Hermann, board of trustees member; Allen Daniels, business manager; Mrs. Joseph G. Pawlik, school psychologist; Larry Flagler, district librarian; Mrs. Walter McFarland, medical clerk and Mrs. Julian C. Julian, school nurse.

Another special event of the week was an evening Open House when all parents were invited to visit classrooms. This was preceded by a PTA meeting and the installation of the newly elected officers who will serve on the Executive Board for the 1966-67 school year.

Charles Reynolds will serve a second term as president of the unit. Mrs. Bruce Nygren will be first vice-president and program chairman. Robert D. Reinecke, principal of Bucknall will be second vice-president.

Other officers are secretary, Mrs. Robert Groten; treasurer, Mrs. Raymond Leeper; auditor, Robert Underwood; historian, Mrs. Richard Barney and parliamentarian, Mrs. Richard Bobonic.

Mrs. Jack Lucier, president of El Paradiso Council served as installing officer.

Mrs. R. Watson Taylor, school secretary, was presented a corsage from the PTA unit in grateful recognition for all the help and effort she has given to the students and parents from Bucknall School.

Mrs. France Bolei read the historian report for the year. The meeting was opened by Cub Scouts, Den 7, Pack 361 with the flag salute. Mrs. Vince Graziadei is the den mother.

QUITO SCHOOL

Quito P.T.A. serves its annual Spaghetti Dinner and Holds Open House, Tuesday, May 17 at 6:30 to 8 p.m. in Quito School cafetorium.

The menu is Italian spaghetti, tossed green salad, French bread and butter, cake, coffee and milk. Admission is adults, $1 and children, 50 cents, sixth grade and under. Take mother out of the kitchen! Dad will enjoy it too!

## BUC BANTER

BY MARY KNOWLES ALLEN

A high pitch of tension and excitement was in the air last Friday as the senior class went on to become the first class to win Rally Day two years in a row and the first senior class to actually win it on their own right. In past years, the seniors always won as a tradition.

Even if they were behind in events they always managed to win in the spirit, thus becoming the winners of Rally Day. Last year, however, the juniors broke tradition by becoming the first non-senior class to win. As seniors they went on to win it again this year.

Also on Friday, a standing room only crowd greeted the performers at Campbell's first Folk and Blues Festival. Featured groups were the M.M.-L.M.L.S.D., the Early Mournin' Reign, the Saddest-Faction, Tim Fox and Gwen Davis.

Today several hundred students are legally "cutting" school as the annual CSF and Honor Society trip takes place.

The students will be visiting either Steinhart Aquarium, Fleishacker Zoo, or De Young museum and then viewing either "Funny Girl" or "Dr. Zhivago", whichever they choose.

"This year's spectacular all-school play will be "The Mad Woman of Chaillot' by Jean Giradoux. It is a French comedy guaranteed to keep you laughing every minute. The play will run for two nights, May 19 and 20 at 8 p.m. in the auditorium. Tickets may be purchased for the mere price of 50 cents from any cast member.

Some of the main characters are Countess Aurelia, Charlene Munger; and the three Mad Women portrayed by Linda Fouts, Gail McEvoy and Dorothea Standish." The preceding was taken from a very brief interview with Charlene Munger, the leading lady.

Among many surprises for the summer will be "the Summer Humanities Workshop", the brain child of Larry McCommas and John Hall. During the production of Camelot the two directors got together and discussed the idea of perhaps having a summer workshop and doing another musical.

Last week they were elated to find out that the government grant they had requested for this tentative project had been accepted. A dream has become a reality. The summer work shop will present "Brigadoon" toward the end of the summer.

All of the schools in the district will be invited to participate as well as the area parochial schools. Next week I will present more information.

## WARRIOR WAYS

BY LYNDA WYCKOFF

WITH ONLY A MONTH and a half left of school the Senior Class of Westmont High is excitedly awaiting their Senior Sneak Day, when the entire Senior Class will legally skip school for a day of fun at the beach. Next comes Senior Prank Day. On this day the seniors have a ball playing practical jokes on their teachers and friends.

Finally the big day comes when the Class of '66 holds their graduation exercises and that night their Senior Commencement All Night Party. The drill team, better known as The Satin Dolls, Song Girls, and Cheer Leaders have been chosen for next year. Their names will appear next week.

Girls Sports is sponsoring a dance on the 27th of this month. It's not too early to start asking the girls, guys!

WARRIOR OF THE WEEK
DAVE DARUGH

Dave is a graduating senior here at Westmont, and is 17 years old. He was born in St. Petersburg, Fla., and since then has lived all over the state. He has lived in this area for about eight years.

Dave has been on stage almost since he was born. His father is a professional magician, and Dave is following his father's trade. Dave is a member of Associated Clowns of America. He performs at regular shows, parties, parades and other events.

"Pro. Magic is not too popular anymore, it is a dying art," says Dave. Later he plans on going to West Valley Jr. College. He has not yet decided what he wants to do for a living, but he knows for sure that he will always practice his hobby.

Dave and his father call themselves the "Diverting Darughs", and when there is more than just two of them they become the Jestors.

## Card party

Card players in the community are invited to attend an afternoon of cards at St. Lucy's Parish Hall at 2350 Winchester Blvd. Thursday afternoon, May 12, at 2 o'clock. The party is sponsored by St. Lucy's Altar Society.

There will be refreshments and door prizes, and a 50 cent donation is being asked. Mrs. Louise Fairchild is chairman, assisted by Mrs. Mary McClafferty.

LAST YEAR'S WINNERS - These young ladies are last year's winners of Cosmetology Scholarships to Campbell Beauty College provided by the Campbell Optimist Club. Pictured left to right (front row): Linda Schmitz, Andrea Gibson, Ilene Jackson and (back row): Joan Brotherton, Judy Casey and Sheryl Howell.

## BLACKFORD BEAT

BY DIANE GIPSON CAROL COOK

Last week the Braves sports teams were again very active. On Saturday, April 23, the Braves swim team competed in the WVAL (West Valley Athletic League) finals at Camden High School.

Blackford won the meet with four first places. Two were won by Brian Worrell, for the 50 and 100 yard freestyle.

The team of Ralph Getsla, Steve Wall, Brent Youngblood, and Brian Worrell brought Blackford another first in the 400 yard relay. And Terry Roger, our number one varsity diver came in first to bring his team further honors.

On Thursday, May 5, the Braves' varsity baseball team was defeated by the Del Mar Dons on Blackford's field by a score of 2-0.

On Friday, May 6, the track team met the Campbell Bucs on the Braves' track. And following this event, on Saturday, May 7, the Braves hosted the regional swim meet. Swim teams from three districts were represented here.

On Wednesday, May 4, the C.S.F. and Honor Society members from Blackford journeyed to San Francisco to spend a day on the town. Each year the students in these two honor clubs are rewarded with a field day trip to San Francisco.

The agenda for the day included seeing either the movie "Dr. Zhivago", or "Russian Adventure", or the play "Funny Girl". The buses left at 9 Wednesday morning, and the students were home by 8:30 that evening after a truly enjoyable day.

## Westmont offers three concerts

Three evenings of music are being presented at Westmont High School May 11, 12 and 13 in conjunction with their spring music festival. The public is invited to attend these concerts, each with a separate program, offering both classical and semi-classical music.

Tonight, May 11, is Solo Ensemble Night and will feature Lis' Couch, flutist; Diane Clark, clarinet; Ruth Boehm, cello, and Julie Gable, vocal soloist. Vocal trio comprised of Misses Julie Gable, Nancy Parle and Carla Crownover will also sing. Other groups to perform will be the cello quartet, the woodwind choir, the brass choir and the Madrigal Singers.

Thursday night, May 12, the band will be featured, directed by Gary Kenyon. On Friday the choir and orchestra will perform featuring Ricky Keat as piano soloist. Ellis French is director of the choir and orchestra, and Larry Larson is assisting.

NAVY PATROL

A Navy patrol bomber was the first aircraft to complete a San Francisco-Hawaii flight--Sept. 10, 1925.

## Seniors to have party at Claremont

Parents of Campbell High School seniors are hard at work on the all-night graduation party to be held on Friday, June 17.

This will be the senior's last time together and they are in for a night they will long remember.

The party will take place at the Claremont Hotel in Berkeley, with a buffet supper served at midnight. There will be dancing throughout the evening, refreshments, prizes and games for those who want a change from dancing.

A picture of each student will be taken during the evening as a memento of the party.

Transportation to the party and back home will be provided by Greyhound busses with chaperones. Tickets are $10 per person, and seniors are urged to make their reservations early.

## Optimist club offers nine scholarships

May 20 is the deadline for senior girls at Campbell, Westmont and Camden High Schools to enter the Essay Contest sponsored by the Campbell Optimist Club. The Optimists will provide nine scholarships to Campbell Beauty College for the best essays on "Why I Chose Cosmetology as My Profession".

The scholarships are valued at $427.50 each. Further information on preparing the essays should be obtained from the Senior Girls Counselors.

Last year's winners were Sheryl Howell, Maria Bryand and Kristie Dowling of Campbell High School; Linda Schmitz, Andrea Gibson, Eleanor Myers of Camden High and Joan Brotherton, Ilene Jackson and Jan McCann of Westmont High School.

Mac McCausland is president of the Campbell Optimist Club. The names of the winners will be announced at graduation exercises.

## VALLEY PROGRESS REVIEW

Valley Progress Review is a series of informative articles about progressive individuals and firms well serving the interest of our community and contributing to the phenomenal growth of the Santa Clara Valley. No person writes of his own business. Every article is prepared by Ed Beck, special writer who contracts for this space. Beck is solely responsible for the content and placement. For information regarding this feature, please call Beck at 246-0675.

### GRANT CONVALESCENT HOSPITAL

With orchards surrounding this modern new building of Grant Convalescent Hospital, patients have the comfort of rural life in quiet and pleasant surroundings.

A splendid reputation is enjoyed by both the Grant Convalescent Hospital of Los Gatos and Sprague's Sanitarium of San Jose which are jointly owned and operated by Mr. and Mrs. Vestal Sprague. The community need that these modern institutions are meeting in providing expert professional care is an integral part of the growth and progress made in Santa Clara Valley in recneet years.

With the trend in medicine generally toward specialization it is only fair to assume that a convalescing patient should be in an institution especially designed and operated for that purpose. At both the Grant and Sprague's Convalescent Hospitals, the diet is especially suited to the individual and his particular case with attendants giving time and personalized attention which is so vital in a convalescent case.

Grant Convalescent is located at 15245 National Ave. amid pleasant orchard surroundings while the Sprague instituion has an urban setting at 264 N. Morrison. With beautiful gardens and patios at each, and pratically no restrictions on visitors, the patient can more rapidly return to a normal life.

Mr and Mrs. Sprague are to commended for the operation of such an intensely human organization and in surrounding themselves with a trained staff of nurses and attendants who are noted for their conscientious and cooperative attitude they have shown rare good judgement. It is fitting, therefore, that we single out Mr. and Mrs. Vestal Sprague for public tribute and to wish for their convalescent hospitals many years of continued success.

### CAMPBELL U-SAVE LIQUORS

John Stewart

A progressive retail establishment capably serving residents of the West Valley is Campbell U-Save Liquors, the attractive bottle shop at 1575 Winchester where genial proprietor John Stewart dispenses the world's finest brands of alcoholic beverages.

Campbell U-Save Liquors is noted for the completeness of its stock of favored brands of liquor, beer and wine and additionally carry a wide selection of champagne and keg beer along with party supplies. The popularity of Campbell U-Save is due, not only to the completeness of its stock, but in a large measure to the efficiency and friendliness of John Stewart who has bent every effort to satisfy the needs of his customers. He has a vast knowledge of the proper drinks to be served at any occasion and is always happy to consult with his customers and offer his expert advice on the type alcoholic beverage to best completment the event planned.

John Stewart has won a resounding success with Campbell U-Save Liquors and has become one of the popular business men in the community. He is known as an individual of high civic pride and interest and is considered to be a strong supporter of projects of a beneficial community nature.

### "C" JAMES AUTO PARTS

Charles James

An absorbing interest in precise work, integrity and insight was the basic formula responsible for the growth of "C" James Auto Parts, now in their new location at 2050 South Bascom Avenue. Under the leadership of energetic Charles F. James, the firm supplies the area as wholesale and retail distributors of automobile parts and supplies. Known for its dependable and extensive service to garage operators and automobile dealers, as well as the motoring, public, James Auto Parts has never placed an article on its shelves without first investigating its merits.

Dovetailing their activities into an integrated automotive service, James Auto Parts featuresa complete automotive machine shop. Here skilled operators, supplied with modern precision machinery, perform all shop functions from head surfacing and cylinder reboring to brake drum turning and all types of press work.

Charles F. James is performing a valuable service through the operation of the auto parts firm bearing his name and daily wins new friends for his company. A genial and personable individual, Mr. James is highly esteemed by the community at large. He is serving the civic interests of Campbell through membership in the Chamber of Commerce and as president of the Campbell Lions Club.

### MODERN GLASS INC.

Robert Saia

Among the prominent contracting organizations which have won the approval of the public as well as the laudation of their many customers is Modern Glass Inc. whose plant and offices are located at 60 Sunny Oaks. From their advent into business they have served in such a manner as to win a wide host of enthuiastic friends amongst their clientele, all of whom are high in praise of the skill, integrity and dependability of the firm.

Although Modern Glass Inc. does insurance work and has full facilities for glass repair in the home or place of business, they have achieved their greatest success in the field of contract glaziers. An unbroken record of proud accomplishment in decorative store fronts and entire shopping centers as well as tracts of homes has been the accomplishment of the firm with the result that they are considered and important and integral part of the growth and progress of Santa Clara Valley.

Robert Saia has done a remarkable job in leading his firm to its present position of prominence and he desveres praise for his business sagacity. He is also known as an energetic worker in programs of civic betterment and has demonstrated his willingness to participate in anything of a worthwhile community matter. Business and civic leaders such as Robert Saia have earned the position they occupy and certainly merit our highest praise.

## Grass Roots

DON'T LET YOUR LAWN TURN BROWN THIS SUMMER

The difference between a beautiful green lawn and an ugly carpet of brown each summer is only a matter of time - the time you give toward keeping it green.

Surprisingly, this can be only a matter of minutes which is small enough concession for what many consider to be the summer garden's most valuable asset.

The trick is to take a little extra time at the offset to groom a lawn, and from there it's easy going.

If your lawn is compacted from over use during wet weather this initial effort can best be made in aerating it. A hollow-tined aerator can be obtained from any local member of the California Association of Nurserymen, and one can be the best lifetime investment a gardener can make.

You can use an ordinary pitchfork to aerate a lawn with, but this method is far less satisfactory than using an aerator with hollow tines, since the latter actually removes a small core of earth, giving grass roots more room to breathe and water more chance to penetrate.

Aeration alone will help a lawn green up, but aeration combined with a raked-on application of steer manure and/or one of the commercial soil conditioners will give a longer-lasting effect.

Rake these on with a sweeping motion to insure that they are worked into the holes left by the aerator, then water them in well, wait a week and start a monthly program of light fertilizing.

GRADUATES

Airman Third Class Dennis L. Haskett, son of Mrs. June N. Haskett of 86 S. Second St., Campbell, has been graduated at Sheppard AFB, Tex., from the training course for U.S. Air Force protective coating specialists.

Airman Haskett, a graduate of Campbell High School, is being assigned to Travis AFB, Calif., for duty with the Military Airlift Command.

## Letters to the Editor

THANK YOU NOTE

Dear Sir,

The San Tomas Parent Teachers Association would like to express its sincere appreciation to you for the splendid cooperation we received from your paper in connection with our recent San Tomas P.T.A. Follies.

The Follies were very well attended and, I'm happy to say, were a financial success as well. Our large success is attributed to the excellent coverage which your paper provided.

We sincerely hope you enjoyed the show this year. Again, Sir, our sincere thanks.

Very truly yours,
Judy Beck
Corresponding Sec'y

LAUDS POLICE

Dear Editor:

Recently a citizen of Campbell left his very expensive movie camera in his car and inadvertently left the door unlocked.

Upon returning to the car the next morning he found the camera missing.

Never expecting results but realizing it was the best move, he notified the Campbell Police Department.

Within three days the San Jose Police Department had picked up two boys in a car and found the missing camera in their back seat.

One week from the unfortunate mishap the camera will again be in the hands of its owner.

Would you call that team work and an efficient operation?

I WOULD

Many thanks to the Campbell Police Department.

J. M. Lundmark
1100 Tolwroth Dr.
San Jose, Calif.

## SOCIAL SECURITY

**Questions and Answers**

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
SOCIAL SECURITY ADMINISTRATION

Q. I am an 80-year-old man. About three years ago I filed for social security and was denied because I had only one year of work under social security.

What is the amount of the benefit which I will now receive under the special provision for people over 72?

A. Benefits under this provision are $35 monthly for the worker or his widow, and $17.50 for a wife (if she is over 72).

To find out if you can qualify for these special payments, call, write, or visit your nearest Social Security Office.

Q. I am 60 years of age and have been getting disability benefits for three years. Do I qualify for hospital insurance benefits under the new law?

A. No. You must be at least 65.

Q. Now that I have signed up for Medicare, should I drop the hospital insurance policy I have with a private insurance company?

A. No, not at this time. Your protection under Medicare will not start until July 1, 1966.

You may also wish to consult your insurance agent for more information about new policies that may be available to you when you start receiving protection under Medicare.

Q. I have never worked due to loss of hearing as a child. I am dependent on my sister. Can I qualify for disability benefits on her record?

A. No. A disabled adult child can qualify only on her parent's social security record. There is no provision in the law which would permit you to qualify on your sister's earnings

Martha Henderson WON $500 | Thelma Turner WON $500 | Mrs. Eleanor Conley WON $500 | Sandra Lee Staples WON $100 | Hortensia Paramo WON $100

## Obituaries

### Final services for Mrs. Ulrich

Funeral services will be held Friday at 2 p.m. for Mrs. Pearl Ulrich, 49, who passed away at a San Jose hospital early Tuesday morning following an extended illness. The Rev. Perry A. Carlson will conduct the services at the Lutheran Church of the Good Shepherd, 1550 Meridian Ave.

A resident of 151 S. Jane Ann Way, Mrs. Ulrich had resided in Campbell for 13 years. Previously she had resided in Edmonton, Canada.

Mrs. Ulrich leaves her husband, Victor; three sons, Brent, of San Jose, production manager of The Campbell Press; Wade, United States Coast Guard stationed at Alameda and Roger, a student at San Jose State College. Other survivors include a sister, Mrs. Olive Kostyk, Alberta, Canada, and three brothers, William White, Vancouver, British Columbia; Robert White, Vegreville, Canada and Clarence White, Calgary, Canada.

Funeral arrangements under the direction of the Campbell Memorial Home with final internment at the Los Gatos Cemetery.

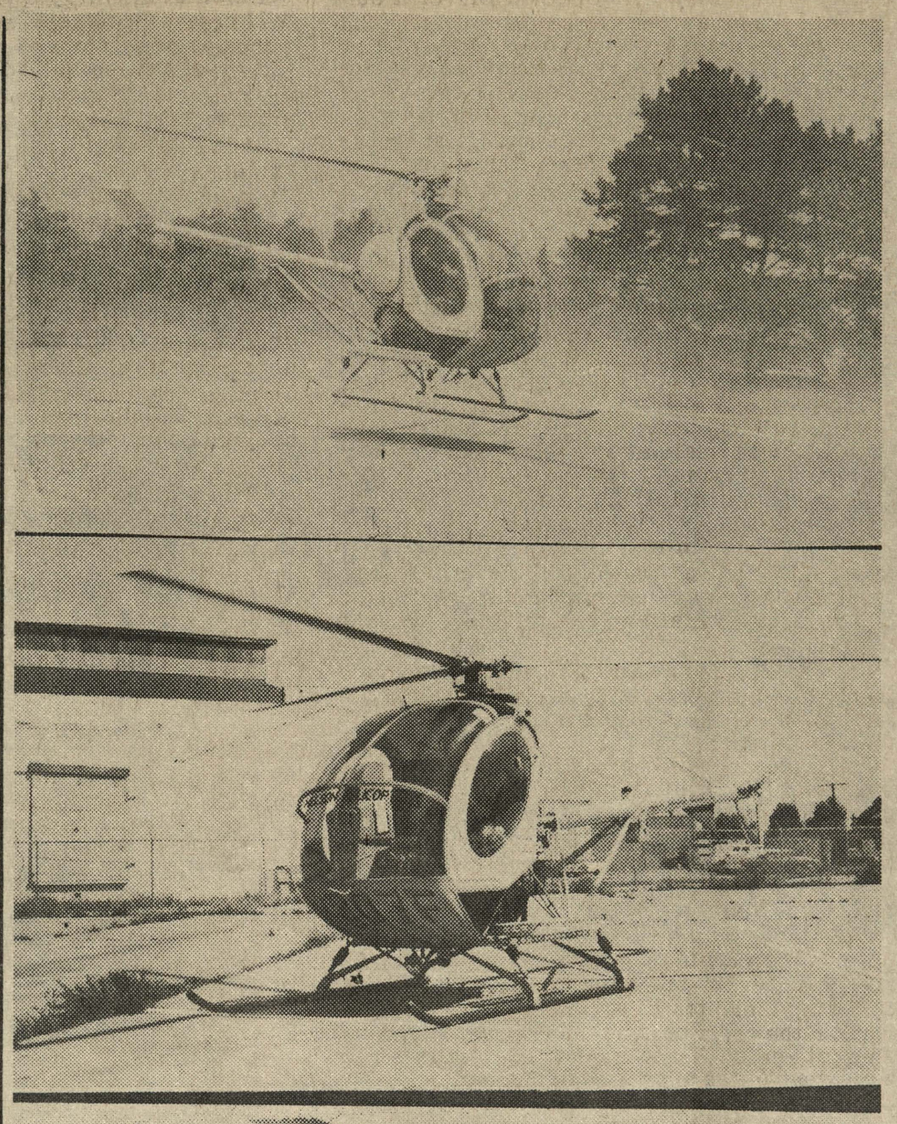
### David Townley

Funeral services were held Friday for David Wayne Townley, 8 year old son of Mr. and Mrs. Allan Townley, 1615 Villarita Dr., who was killed in an automobile accident near King City on May 1. Campbell Memorial Chapel was in charge of arrange-

David was in the second grade at Latimer School and a member of the Moreland Little League. He is survived by his parents, and four brothers, Harry, Edward, Randy and Eric Townley, all of Campbell. He was the grandson of Mrs. Anna Raker of Santa Barbara.

GOES UP IN FLAMES - This old house on San Tomas Aquinas Rd. behind Mayfair Market was burned by the Campbell Fire Department in conjunction with the Campbell Clean-up Crusade. The property is to be used for future expansion of Kirkwood Plaza.

IN A JAPANESE TEA ROOM - Fourth grade students at Hazelwood School are studying the customs of Japan and have turned a corner of their class room into a tea room. Debbie Queen (left), 10, of 949 Connie Dr. and Toni Wetterstrom, 10, of 694 Jeffrey Ave., pose in authentic Japanese Kimonos



TRAVELING IN HIGH STYLE--At the recent Chamber of Commerce luncheon meeting, Mayor Ralph Doetsch, S. J. Albrecht, of the Southern Pacific industrial development division, were transported by Ollie Nelson of the Ollie Nelson Helicopters from Harrison and Campbell avenues to the Villa Felice where the luncheon was held.

Albrecht was the speaker at the luncheon touching on the part that cities and civic organizations must play in acquiring new industries and what facts these industries need to know about a community. Pictured ready to board are, left to right, Doetsch, Albrecht and Nelson. The other pictures show the helicopter taking off and landing.

## Woman's Society luncheon to feature pledge service

The Woman's Society of Christian Service of the First Methodist Church of Campbell will hold the regular monthly meeting on Thursday, May 12. A quiet devotional period in the chapel will be followed by a business meeting in the Wesley Lounge at 10 a.m. with Mrs. Russell Briggs presid- Mrs. John Boone.

The program "Living Responses", a pledge service, will be presented by Mrs. Edward Freieria, Mrs. William McNeeley and Mrs. Robert Smith. All members are asked to share in a White Elephant Sale during the luncheon period, the proceeds of which will go to help the "Alfa- Lit" program, a plan to provide reading material in lands abroad where people are just learning to read.

Luncheon served at 12:15 noon in the Fellowship Hall by the Ann Devours Circle. Child care is provided in the church nursery; all interested women in the area are cordially invited.

### Michigan picnic

All former residents of Michigan are cordially invited to a "Michigan picnic" at Vasona County Park, off Highway 17, north of Los Gatos, on May 15 between the hours of 11 a.m. and 5 p.m.

## Harry R. Aho heads Breuner's

Harry R. Aho of Walnut Creek has been named manager of Breuner's in Campbell, succeeding Raymond Schreck. Aho was formerly manager of Breuner's Oakland store for the past 18 years.

He and his family made their home in Walnut Creek where they were active in golfing and boating circles, and Mrs. Aho was a member of the John Muir Hospital Auxiliary.

HARRY R. AHO
-To manage Breuner's

Aho started with Breuner's 31 years ago, taking a summer job in the warehouse. Since then he has been connected with the merchandising and management end of the business. The Aho's have two sons, both married.

Since moving here, the couple have taken up residence in Rancho de Los Gatos, a condominium on Overlook Rd. in Los Gatos. After 18 years of commuting daily to Oakland from Walnut Creek, Aho indicated he was exceptionally happy to be so close to his new assignment with Breuner's.

## Piano students give recital

Margarite E. Reich of the Marchare Studio of Music will present her pupils in a recital of piano and organ music next Thursday evening, May 19, at the Los Gatos History Club, 123 San Jose Ave., Los Gatos. The program will begin at 7:30 p.m. and friends and parents of the students are invited to attend. Refreshments will be served.

Students participating will be: Jerry Tanabe, Karie Tanabe, Denise Williams, Russell Tafoya, Kathy Alcott, Nancy Alcott, Patty Alcott, Jeffery Tipton, Raymond Minhueto, David Gorley, John Shrock, Debora Granberg, Cathy Azevedo, Debbi Anderson;

Also, Linda Earnest, Arthur Gonzales, Annette Gonzales, Doreen Williams, Mary Tonelli Denise Fox, Suzanne McAfee, Dana Spies, Tamie Peyton, Barbara Christiansen, Diana Bishop, Marlene Baca, Debra Grilli, Deanna Grilli, Kimberly Giblin, and David Burgess.

## Seniors compete for Bank of America awards

Cash awards totaling $9,400 will be on the line Thursday, May 12, when 28 outstanding West Bay high school seniors compete in the final area event of the 1966 Bank of America Achievement Awards program.

Michelle Murray of Campbell High School and Robert Campbell of Blackford High School have been notified they are finalists in the Achievement Awards contest.

They will convene in San Francisco before a panel of judges composed of civic and business leaders, who will question them on topics related to their fields of study. Miss Murray is interested in the field of architecture, while Robert is planning to make a career in the field of fine arts.

Announcement of the names of the winners will be made at a dinner at the Hilton Hotel Thursday night. Frank M. Dana, executive vice president of B of A's San Francisco main office will make the awards. Top prizes of $1,000 will be awarded in each of four fields of study. Second place in each field is worth $500 and third place carries with it an award of $250.

## College projects master plan

Adoption of a master plan for development of the West Valley College through 1985, receipt of a $5,055,401 preliminary budget for the 1966-67 fiscal year, and presentation of a suggested 1966-67 salary schedule, all occupied the time of the Board of Trustees of the college last Thursday night.

Vernon Feiock, research assistant for the School Planning Laboratory, School of Education, Stanford University, which prepared the report, pointed out that "seldom do opportunities exist for a college to plan for total development before any facilities are built.

But such an opportunity exists in the West Valley Junior College District.

The one college operated by the district, West Valley College, is presently located in temporary facilities in Campbell, but the district must immediately provide facilities for 5,000 students.

In making their summary and recommendations, the laboratory estimated a population in the district boundaries by 1985 of about 426,000, and an enrollment by 1975 of full and part-time graded students of 9,400.

By 1985, estimates place the student population at between 13,000 and 15,000 students.

It recommended immediate development of a complete campus in Santa Clara and the immediate acquisition of a permanent site in the Campbell Union High School District. The Saratoga site, is said, should be developed on a gradual basis.

Each campus should be comprehensive in educational program, but unnecessary duplication of programs and facilities should be avoided in the district's recognition of its role as provider of vocational-technical programs.

In addition, the report recommended that each campus site be large enough to house community services facilities and parking.

Also, the college should indicate willingness to take part with other agencies of government in providing facilities for community needs.

The report indicated that the district will be able to meet costs of operation within reasonable tax limits, but financing of building facilities and capital improvements must come from other means.

Under its assumptions, the present 35 cent operating tax-rate will provide sufficient operation funds in the period 1966 through 1972, but would not provide sufficient funds for construction of facilities.

The preliminary budget, which will be thoroughly scrutinized by the board at a special meeting May 26, is $271,962 less than the 1965-66 budget of $5,327,363.

The proposed salary schedule recognizes the principle that the top step salary in the highest category of the schedule should be twice that of the beginning step salary in the lowest category of the schedule.

The present schedule has a 1 to 1.82 ratio, and it is proposed to achieve the 2 to 1 ration in two years, or by the 1967-68 school year.

Beginning salary schedules for faculty will remain at the $6,950 level, but in 1966-67 top scale goes from the present $12,650 to $13,414, and in 1967-68 it goes to $13.900.

The board heard a lengthy presentation supporting the general principle of increased salaries from John Fleming, chairman of a joint Faculty-Californis Teachers Association Committee.

Fleming is an instructor in English at the college. The proposed salary schedule will be considered with the preliminary budget at the May 26 meeting.

TELEGRAPH

Completion of the transcontinental telegraph ended the Pony Express in October 1861.

LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE
No. 1040

On Friday, the 3rd day of June, 1966, at the hour of 10:00 o'clock A.M., of said day, At the West Hedding Street entrance of the Santa Clara County Building, 20 West Hedding Street, in the City of San Jose, County of Santa Clara, State of California, Eureka Auxiliary Corporation, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the City of Campbell, County of Santa Clara, State of California, and described as follows, to-wit:

Lots 6, 7 and 10, as shown on that certain Map entitled, "Tract No. 1532 Ampex Subdivision which Map was filed for record in the office of the Recorder of the County of Santa Clara, State of California, on November 28, 1955 in Book 63 of Maps, at page 53.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by Victor R. Bell and Mary Pauline Bell, his wife as to an undivided one-half interest and Richard W. Briggs & Co.; a Corporation, as to an undivided one-half interest, trustor, to Eureka Auxiliary Corporation as trustee for the benefit and security of Eureka Federal Savings and Loan Association of San Francisco, dated March 6, 1963 and recorded March 12, 1963, in the office of the County Recorder of the County Recorder of the County of Santa Clara, State of California, in Vol. 5937 of Official Records at page 200.

Dated April 18, 1966.

LEGAL NOTICE

SHERIFF'S SALE

Under and by Virtue of an Execution Issued Out of the Municipal Court of Los Gatos-Campbell-Saratoga JD, County of Santa Clara, State of California, on the 7th day of April, A.D. 1966, and to me directed and delivered upon a Judgment rendered in said Court, on the 7th day of February, A.D. 1966, in favor of WILLIAM F. BYRNES, CHARLES V. GORDON and JACK E. MEYER, DBA VALUE REALTY and against DONALD RAICH and ANTOINETTE RAICH for the sum of $1,014.50 in lawful money of the United States, together with costs of suit and interest, I have levied on all the right, title, claim and interest of said defendant of, in and to the following property, to-wit:

The real property situated in Santa Clara County of the City of San Jose, State of California, described as follows:

ALL OF LOT 35, as shown upon that certain map entitled, "Tract No. 1314 Brookside Manor," which Map was filed for record in the office of the Recorder of the County of Santa Clara, State of California, on January 25, 1955 in Book 54 of Maps at pages 22 and 23.

EXCEPTING THEREFROM the underground water is granted in the Deed from Brookside Builders, Inc., a corporation, to San Jose Water Works, a California corporation, dated May 20, 1955 and recorded May 24, 1955 in Book 3178 Official Records, page 481.

NOTICE is hereby given that on Thursday the 12th day of May, A.D. 1966, at 10:00 o'clock A.M. of said day, I will sell all the right, title and interest of said DONALD RAICH and ANTOINETTE RAICH or either of them, in and to the above described property, or so much thereof as may be necessary to satisfy Plaintiff's claim, besides all costs, interest and accruing costs.

This sale will take place at Courthouse Steps, County Courthouse, North First St., San Jose, California at PUBLIC AUCTION, for Cash in hand, to the highest and best bidder.

Dated: San Jose, California, this 12th day of April, A.D. 1966.

Charles J. Prelsnik,
Sheriff of the County of Santa Clara, State of California

LEGAL NOTICE

WJML:JS:amf 4-8-66 8C
NOTICE OF IMPROVEMENT
LOCAL IMPROVEMENT DISTRICT NO. 13

NOTICE IS HEREBY GIVEN that on the 11th day of April, 1966, the City Council of the City of Campbell, California, adopted its Resolution of Intention No. 2013 wherein it did declare that in its opinion the public interest and convenience required, and that it was the intention of said Council to order the acquisitions and improvements generally described in the petition therefor on file in the office of the City Clerk and more particularly hereinafter described.

All of said work and improvements are to be constructed at the places and in the particular locations, of the forms, sizes, dimensions and materials, and at the lines, grades and elevations shown and delineated on the plans, profiles and specifications preliminarily approved therefor by the City Council of said City and on file for public inspection in the office of the City Clerk.

Notice is hereby given of the fact that in many cases said work and improvements will bring the finished surface of the ground to a grade different from the surface as it now exists, and that to said extent said grades will be changed and that said work will be done to said changed grades.

The acquisitions and improvements are described as follows:

(a) The acquisition of property necessary for the opening of a new street to be known as Darryl Drive from Latimer Avenue at a point 590 feet, more or less, westerly of San Tomas Expressway running thence northerly and generally parallel to San Tomas Expressway 1,650 feet, more or less; a new half street to be known as Marathon Drive, a cul-de-sac, from Latimer Avenue at a point 1,350 feet, more or less, westerly of San Tomas Expressway running thence northerly and generally parallel to San Tomas Expressway 1,570 feet, more or less; a new street to be known as Gale Drive from a point on San Tomas Expressway 470 feet, more or less, northerly of Latimer Avenue running thence westerly and at right angles to San Tomas Expressway 580 feet, more or less; and the acquisition of property necessary for widening the northerly one half of Latimer Avenue and the improvement of said streets by clearing, grubbing, grading, removal of existing trees, shrubs and structures and the construction therein of base, pavement, curbs, gutters, street lighting, water mains, hydrants, valves, tees and appurtenances, sanitary sewer mains, manholes with manhole frames and covers, services and appurtenances, and surface and subsurface storm drain facilities, where required.

(b) The acquisition of disposal rights and a right of service and use in the existing sanitary sewerage and sewage disposal facilities of County Sanitation District No. 4 of Santa Clara County.

(c) The acquisition of all lands and easements and the performing of all work auxiliary to any of the above necessary to complete the same.

Said contemplated acquisitions and improvements, in the opinion of said Council, are of more than local or ordinary public benefit, and the costs and expenses thereof are made chargeable upon an assessment district, the exterior boundaries of which district are the composite and consolidated area as more particularly shown on a map thereof on file in the office of the City Clerk, to which reference is hereby made for further particulars. Said map indicates by a boundary line the extent of the territory included in the proposed district and shall govern for all details as to the extent of the assessment district.

The estimated cost of said project is $187,800, of which the City will contribute the estimated amount of $1,900, leaving an estimated balance of $185,900 to be assessed.

Notice is hereby given that the City Council of said City proposes to enter into an agreement with the Campbell Water Company which agreement will provide, among other things, for the supplying by said Water Company of plans and specifications for the proposed water system, for the performance of the work by said Water Company of installing said water system, for the ownership upon the completion of said water system by said utility, and for the providing of service to the properties in said area by said utility in accordance with the rates, rules and regulations now or hereafter established by the Public Utilities Commission of the State of California, and that said agreement shall become effective after proceedings have been taken for the levy of the assessments and sale of bonds and funds are available to carry out its terms.

Notice is further given that the City Council of said City proposes to enter into an agreement with County Sanitation District No. 4 of Santa Clara County, which agreement will provide for the ownership by said Sanitation District of the sewer system to be installed by the City of Campbell, and for the providing of service to the properties in said area by said Sanitation District in accordance with its rates, rules and regulations, and that said agreement shall become effective after proceedings have been taken for the levy of the assessments and sale of bonds and funds are available to carry out its terms.

Notice is hereby given that serial bonds to represent unpaid assessments and bear interest at the rate of not to exceed six per cent (6%) per annum, will be issued hereunder in the manner provided in the Improvement Bond Act of 1915 (Division 10 of the Streets and Highways Code), the last installment of which bonds shall mature not to exceed fourteen (14) years from the second day of July next succeeding ten months from their date.

The descriptions of the acquisitions and improvements and the termini of the work contained in the Resolution of Intention are general in nature. All items of work do not necessarily extend for the full length of the description thereof. The plans and profiles of the work, and maps and descriptions, as contained in the Engineer's report, shall be controlling as to the correct and detailed description thereof.

Except as herein otherwise provided for the issuance of bonds, said work shall be done pursuant to the Municipal Improvement Act of 1913.

Reference is hereby made to proceedings had pursuant to Division 4 of the Streets and Highways Code, all on file in the office of the City Clerk.

Notice is further given that the Engineer of Work pursuant to said Act and said Resolution of Intention, adopted pursuant thereto, did on the 11th day of April, 1966, file with the City Clerk of said City his report in writing on said acquisitions and improvements, consisting of plans, profiles, specifications, estimate of costs and incidental expenses, diagram and assessment, maps and descriptions, and said Council did on said date consider and examine said report and by resolution preliminarily approved and confirmed same and ordered that said report shall stand as the report for the purposes of all subsequent proceedings had pursuant to said Resolution of Intention.

NOTICE IS FURTHER GIVEN that Monday, the 23rd day of May, 1966, at the hour of 8:00 o'clock P.M. of said day, in the regular meeting place of said Council, Council Chambers, City Hall, Campbell, California, are the time and place appointed and fixed by said Council when and where it will consider and finally determine whether the public interest and convenience require said acquisitions and improvements, and when it will consider and determine whether the owners of a majority of the area of the property in the proposed assessment district have protested against said acquisitions and improvements or any portion thereof, and when and where it will consider and finally act upon the Engineer's report filed pursuant to said Resolution of Intention, and when and where it will hear all protests in relation to said proposed acquisitions and improvements, or to the grades at which said work will be done, or the extent of the assessment district, or to the Engineer's estimate of the costs and expenses thereof, or to the proposed diagram and assessment, or to the maps and descriptions and that any person interested may file a written protest with the City Clerk at or before the time set for the hearing referred to herein.

Reference is hereby made to said Resolution of Intention and said report, including plans, profiles, specifications, estimate of costs, diagram and assessment, and maps and descriptions for a more particular description of said acquisitions and improvements to be had and done, and for further particulars, all on file in the office of the City Clerk.

Dated: April 11, 1966.

DOROTHY TREVETHAN
City Clerk of the City of Campbell

Publish: May 4, 11, 1966.

LEGAL NOTICE

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

59 W. Hamilton Ave., Campbell

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On-Sale General Eating Place

Anyone desiring to protest the issuance of such license(s) may file a verified protest with any office of the Department of Alcoholic Beverage Control, within 30 days of the posting of this notice, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

# ON CAPITOL HILL

with "Charlie" Gubser

Last week, with other members of the Armed Services Committee, I dealt with figures which were not pleasant. We have grown used to thinking in billions but last week it was a figure of 78 million which impressed us. But they were not dollars. They were human lives!

This is the number of human beings which the Pentagon estimates could be saved against a Russian missile attack if we develop an anti-ballistic missile to intercept and destroy enemy ICBM's. The estimated cost of saving 78 million people is $24 billion.

Our Committee on Armed Services authorized $167.9 million for the procurement of hard to get items which would go into the production of an anti-ballistic missile. Secretary McNamara opposed the authorization and wanted to wait for another year. We believe the risk of delay is too great.

Both Secretary McNamara and Congress believe it is technically feasible to design a defense system which would have "a reasonably high probability of precluding major damage to the United States" in the event of a Chinese attack with nuclear-tipped missiles.

There is also agreement that as a bonus such a defense might discourage the Chinese from ever launching a long-range missile attack.

The controversy between Secretary McNamara and Congress revolves around the question of Russian intent. If Russia is developing an anti-ballistic missile at this time, then the matter becomes more urgent and the one year Congress wishes to save by acting now is important.

Intelligence reports vary but there is good reason to believe that Russia is moving along toward development of such a system. Though the Soviet Union recently appears more peacefully inclined, this may be due to her realization that nobody could win a nuclear war.

In other words, one nation wouldn't attack the other knowing that she in turn could be obliterated by a nuclear counter-attack. This is the strategy of deterrence. But if one nation can defend against nuclear missiles while the other cannot, the balance is upset and the temptation to attack is restored. So, it follows that if Russia is developing an ABM we must do the same.

Secretary McNamara contends that since fallout on our territory would result when we fired our own anti-ballistic missiles, we should not proceed with their development unless we also go forward with a program of building fallout shelters. But a shelter program can be accomplished in two or three years while the earliest an anti-ballistic missile can be developed is five years.

This places the latter development in a position of being at least two years more urgent than a shelter program. We now have shelters for 140 million people, so even without additional shelters it is estimated that an ABM system would save 78 million people in the event of a Russian attack.

The Chinese will probably be able to deliver a nuclear-tipped warhead to our shores in five to eight years. Unless Red China's attitude changes we have no reason to surmise that she would be as reasonable as we hope Russia has become--another reason for early development of the ABM.

So, it is the attitude of Congress that one year in this race is important and that it is relatively unimportant whether we spend $24 billion in six years or five. What is important is the 78 million human lives at stake!

## Girl Scouts

Recently the Cadettes in Troop 55 toured San Francisco's China Town. They brought back reports of such a successful and exciting experience that the Junior Girl Scouts of Troop 211 decided to go also.

Their leader, Mrs. R. A. Clapes, tells of the troops adventures in this report; "A fabulous tour of China Town including a Temple, cookie factory, KLOK radio station, art studio and a shopping spree was experienced by Junior Girl Scout Troop 211 of Campbell on Saturday, April 16.

"The girls were fortunate in having movie star Ching Wah Lee as their guide through side alleys to these interesting places ending at his studio to see a jade and artifax collection.

He autographed post cards from his movies (Thirty Seconds over Tokyo, Good Earth, and Pork Chop Hill to name a few) for the girls, writing their names in Chinese.

Meeting a Girl Scout troop from Santa Rosa at Aquatic Park after lunch and sharing songs were Junior Scouts: Sally Jo Allen, Joy Michalek, Rene Murphy, Pam Kimpson, Pattie Kimpson;

Also, Rosie Falcon, Jean Bicocca, Kathy Huddleston, Kathryn Klimek, Janice Duncan, Wendy Groot, Jan Washington, Eileen McNaughtan, Dana Rawlinson, Patsy Bennett, Roxanne Phipp, Debbie Blake;

And Sherri Hofheins, DeeAnn Cleveland. Carla Mesquita, Ginger Alexander, Joan Evans, Dorothy Clapes, Debbie Clapes, Florence Clapes, Debbie Wade, Patty Botelho and Anna Tyrfingson.

Accompanying the scouts were leaders: Mrs. R.A. Clapes, Mrs. D. Evans, Mrs. D. McNaughtan and mothers: Mrs. B. Cleveland and Mrs. E. C. Wade.

ON USS ORISKAVY

Air Controlman Third Class Bruce Weston Stamps, USN, son of Mr. and Mrs. Roy K. Stamps Jr. of 1177 Emerson Ave., Campbell, recently participated in exercise "Gray Ghost" off the coast of Southern California.
